

# ABUNDANT LIFE

You are invited to sit at my table

## CAPS 26<sup>th</sup> ANNUAL FUNDRAISING DINNER PARTY

April 25, 2026

**Join me to hear about the important work that  
CAPS is doing in our community!**

## **KEYNOTE SPEAKER**

**ERIN HAWLEY**

**As CAPS and other pregnancy organizations serve** in a climate that is not always friendly—particularly in California—it is deeply encouraging to know that there are gifted advocates like Erin Hawley working to create a safer world for both our organizations and patients.

Hawley is not only a wife, mother of three, and author, but also a highly accomplished attorney who has played a critical role in dozens of cases involving life issues and in defending the rights of pregnancy organizations. She is the vice president of the Center for Life and regulatory practice at Alliance Defending Freedom and has argued important cases like the Dobbs case which overturned the decades old decision *Roe v Wade*, that legalized abortion in 1973.

Hawley is a frequent commentator on legal issues. Her work has been quoted or featured in the *Washington Post*, *US News*, *USA Today*, *Fox News*, *the Washington Examiner*, *the Legal Times*, and *the Hill*, among others. Hawley has also written a book on motherhood, entitled “Living Beloved: Lessons From My Little Ones About the Heart of God.”
